

ANNEX FR - SPECIAL TERMS AND CONDITIONS FOR THE ccTLD .FR

In addition to the general terms and conditions CG-ND, the registration and use of a .FR Domain (and its second level) implies the acceptance and respect of these special terms and conditions CP-ND-FR.

All terms employed in these special terms and conditions beginning with a capital letter are to be interpreted in compliance with the definition assigned to them in the general terms and conditions CG-ND.

SECTION FR.1: TRUSTEE AUTHORITY AND REGISTRY

FR.1.1 The following diagram shows the different operators and the naming system this Extension

FR.1.2 NETIM is a member of AFNIC and act as an official registrar for the management of .FR domain names

SECTION FR.2: REGISTRATION REGULATIONS

FR.2.1 Domain Names under this Extension are registered on a "*first come, first served*" basis, unless if exception is made by AFNIC (i.e. for prohibited or reserved terms).

FR.2.2 The Client declares and guarantees that the Domain Name respects the rights of third-parties, currently applicable laws and regulations as well as regulations specific to the Extension, which can be consulted at the following addresses:

Domain name Charter

The Client agrees to have read and approved this contractual document (below, the "FR Regulations") which links him to the Registry. The present special terms do not substitute these regulations which are integrated by means of a hyperlink.

SECTION FR.3: SPECIAL REQUIEREMENTS

FR.3.1 Regarding FR Regulations, the administrative contact must reside in France.

FR.3.2 Regarding FR Regulations, domain names that correspond to the name of a municipality or town in France are reserved for the local administration

FR.3.3 Regarding FR Regulations, the name servers (DNS) of the domain name must be correctly configured as specified in the Registry's technical specifications

Nameserver test:

http://www.afnic.fr/outils/zonecheck/form_en

This point must be verified in order to perform the following operations: registration, transfer, trade, nameservers change.

SECTION FR.4: TRANSFER REGULATIONS

FR.4.1 The Client initiates, through the intermediary of NETIM, a transfer request (also referred to as "change of delegation") for a Domain Name in .FR from another registrar to NETIM (also referred to as "incoming transfer") according to the procedure specified on our site, and in compliance with FR Regulations:

<http://www.netim.com/transfer/transfer-fr-domain-name.php>

FR.4.2 The client must follow the described procedure and, particularly, must provide a valid authorization code to NETIM. Otherwise the transfer cannot be proceeded with and the Client may not claim any compensation or refund from NETIM

FR.4.3 The transfer does not take effect immediately and requires approval for the transfer from the Client's former Registrar. In case of objection for the current Registrar, the transfer cannot be proceeded with and the Client may not claim any compensation or refund from NETIM

FR.4.4 In the context of a transfer of a Domain Name to another Registrar (also referred to as "outgoing transfer"), NETIM shall systematically refuse any transfer if the registrar-lock functionality is enabled.

Also, the authorisation code can be obtained in the Manager and is sent by electronic mail to the Client's email address.

SECTION FR.5: CHANGE of OWNERSHIP REGULATIONS

FR.5.1 The Client initiates, through the intermediary of NETIM, a request for a change of ownership for a Domain Name in .FR

FR.5.2 The change does not take effect immediately. The Client must follow the described procedure and, particularly, must approve the transfer to the registry following a format specified on the Registry's Website.

FR.5.3 If the Client refuses or does not approve the change of ownership according to the terms stipulated by the Registry, the change cannot be proceeded with and the Client may not claim any compensation or refund from NETIM

SECTION FR.6: EXPIRY / RESTORATION REGULATIONS

FR.6.1 When the Domain Name's expiry date has passed without prior renewal by the Client, NETIM shall submit a request for the deletion of the Domain Name to the Registry. The Domain Name shall be referred to as in "redemption" status for a period of thirty (30) calendar days.

FR.6.2 If a Domain Name has been destroyed with the past thirty (30) calendar days, it can be registered again subject to the following conditions and procedures, and depending on the details provided to NETIM when carrying out these procedures:

- i) restoration is only possible from a technical point of view for the so-called "redemption" period, which is the seven (7) day period between the destruction of the Domain Name by the Registry and its liberation.
- ii) only NETIM has the possibility to register the Domain Name during the redemption period.
- iii) payment for the restoration must be made at least (2) days before the liberation of the Domain Name by the Registry, to enable NETIM to carry out the operation within the time limit. Failing this, the Domain Name might not be restored and NETIM cannot be held responsible on these grounds.

- iv) the restoration procedure restores the Domain Name's previous parameters (personal and technical information) and extends by one (1) year the duration of the Domain Name's registration starting from the new date of registration.

SECTION FR.7: CONTRACTUAL AMENDMENTS FOR SPECIAL TERMS AND CONDITIONS

FR.7.1 Regulation laid down by the Trustee Authority and the Registry are subject to change. These changes, linked to the naming system for .FR extensions are imposed by the Registry in charge of this Extension and represent changes that are not beyond NETIM's control.
